Summary:

We would like to propose new usages for launching a navigation application and to play a navigation prompt.

Background:

Devices that control a navigation application may have dedicated user inputs for launching the application and for playing the last navigation prompt. We are proposing two new usages to support these as HID inputs.

Proposal:

The proposed change is in chapter 15 Consumer Page (0x0C).

1. New usages that need to be added to Table 17: Consumer Usage Page

1C8 AL Navigation Sel 15.15

2. New range of reserves usage in Table 17: Consumer Usage Page

1C9-1FF Reserved

3. New usages that need to be added to Table 17: Consumer Usage Page

29E AC Navigation Guidance Sel 15.16

4. New range of reserves usage in Table 17: Consumer Usage Page

29F-FFFF Reserved

5. Add following text in section 15.15 Application Launch Buttons

AL Navigation Sel - Launch Navigation application

6. Add following text in section 15.16 Generic GUI Application Controls

AC Navigation Guidance Sel - Play/re-play the last navigation guidance prompt.

Response:

<Added by HID Chair upon closing the Request>
